- Trained in job interview techniques
- Job interview expenses
- Job or study placement support
- EC's have both established relationships with local businesses, agencies and other employers
- Linking with other kaiārahi across the Te Ngira Whānau Ora Collective network

COLLECTIVE IMPACT EVALUATION RESULTS

As part of the Whānau Ora Commissioning Agency (WOCA) Annual Investment Plan 2018/2019, Wai Research was contracted to conduct a process and outcome evaluation of two Collective Impact (CI) initiatives, namely Te Whare Āhuru Ki Ruapehu Housing Project (Ngāti Rangi Trust covering the rohe of Waiouru, Ohākune and Raetihi) and Whakakaha Whānau (Te Kōhao Health, Hauraki-Waikato). The purpose of this evaluation was to assess how well both sites have implemented their CI initiatives (i.e. process evaluation) and the extent to which WOCA commissioned outcomes (i.e. outcome evaluation) have been achieved as outlined in the WOCA Outcomes Assessment Framework.

WOCA: 5 CONDITIONS OF COLLECTIVE IMPACT

Kia kotahi te whāinga (Common Agenda):

Kia kotahi te ine (Shared Measurement):

Kia kotahi te hoe (Mutually Reinforcing Activities):

Kia rere tonu te korero (Continuous Communication):

Kia pakari te iwi tuararo (Backbone Organisation):

PROCESS EVALUATION STAGES

STAGE 1 TE PIHINGA
The CI initiative's core activities have been developed and are being implemented.

STAGE 2 TE MĀHURE
The CI initiative is innovating and being refined.

STAGE 3 TE KŌHURE
The CI initiative is stable and well established.

RESULTS: Te Whare Āhuru ki Ruapehu - TE KŌHURE
Whakakaha Whānau - TE KŌHURE

OUTCOMES EVALUATION RATINGS

Te Kore (latent stage)
Whānau are resilient and in a state of unlimited potential.

Te Po (activation stage)
WOCA funded services are supporting whānau in the North Island to develop pathways to be more self-managing (and independent from government assistance) and participate in opportunities and activities that optimise their health and wellbeing.

Te Whai Ao (development stage)
WOCA funded services have supported and enabled whānau in the North Island to take responsibility for their own lives and leverage their skills, knowledge, capabilities, experiences and networks for the benefit of themselves and others.

Te Ao Marama (realisation stage)
Whānau in the North Island exercise rangatiratanga on a daily basis by being self-managing, independent for sustainable success, and making informed decisions.

RESULTS: Te Whare Āhuru ki Ruapehu - TE WHAI AO
Whakakaha Whānau - TE WHAI AO

RECOMMENDATIONS FOR WOCA COLLECTIVE IMPACT

- ▶ Develop a standardised reporting template for all partners which makes explicit any quality and success measures for each CI initiative, and that any necessary data capability is provided to ensure high quality data collection and consistency in reporting across all CI partners.
- ▶ A review of the current WOCA outcomes framework, success indicators and measures to ensure that 'what matters' is actually being measured.
- ▶ An assessment of the return on investment to better understand the social, cultural and financial value created using a CI approach.
- ▶ More explicit promotion of CI best practice is needed to better support partners in the delivery of their initiative.
